Sanford, NC 27330

Aug. 2005

NOTE: This advisory board was set up to implement the Pre-Trial Release Program, as it was a requirement to receive State grants. The committee was used to implement the program and met during the first several months working on policy and procedures. As it was not a requirement to have the board, as no State money was received from the Department of Justice, the advisory board has not been active.

PURPOSE: To develop community-based solutions to the problems of rehabilitation and punishment for criminal offenders. The goals will be to reduce recidivism, to reduce the number of probation revocations, to reduce alcohol and drug dependency among offenders and reduce the cost of incarceration now being paid by counties and the State.
