Our Mission Statement

Lee County Parks and Recreation Department's mission is to enhance the quality of life in Lee County by providing a broad variety of accessible leisure, recreation, cultural activities and services.

From the Director

2008 was a very good and very busy year for Parks & Recreation. There were many accomplishments during the year. Tramway Road Park was finally completed after several years of planning and two phases of construction. In addition to four lighted baseball/softball fields, there is a soccer field, concession/restroom building, playground, trails, pond, shelter, and parking for about 100 cars at this facility.

Many are to be commended for their contributions to make this project happen. Two grants were received from the NC Parks & Recreation Trust Fund totaling \$750,000 for this project. Sanford Contractors donated over \$80,000 of work in order for Phase I to proceed. The Sanford Area Home Builders Association donated and built the 1600 square foot concession/restroom building. The three local Rotary Clubs donated over \$17,000 to get the shelter by the pond constructed. The Southern Lee Booster Club along with a memorial gift from the family of Joshua Mann constructed two of the batting cages. A dedication for this wonderful facility is planned for the spring of 2009. Hopefully, you will be able to attend.

Our gymnastics program moved this year to a new building on Commercial Court in Moore Business Park. The new facility is only a little bigger than the old one. The great news however is this facility has air conditioning. Summer programs were much more enjoyable for students this summer but especially so for our instructors. We are hopeful that the new venue along with Olympic coverage will encourage more participants in this great program.

The old bridge spanning the creek at Buchanan Park was replaced. The new bridge is a 37' span created from an aluminum loading ramp from a decommissioned military transport plane that parks & recreation purchased from federal surplus. A great team from Sanford Contractors and Hall Fencing refurbished the bridge, added safety railing, and made the installation. Go by Buchanan Park and check out this great addition.

We had several volunteer groups to provide valuable service during the year. A team of Boy Scouts and their sponsors replaced the planters and fencing in the lower parking area at San-Lee Park. Another group of Boy Scouts built a rugged bulletin board for the Tent Campground Area at San-Lee Park. A group of Cub Scouts picked up two small dump truck loads of limbs and pine cones around the Gazebo area of Kiwanis Family Park.

Corporate volunteers also lent a hand. A team of volunteers from Wyeth constructed a 64' boardwalk along an often muddy section of the Leopold Lake Trail at San-Lee Park. San-Lee Park staff did the planning and pre-cut the materials for the boardwalk. The team from Wyeth leveled the path and installed the boardwalk. Another volunteer team from Wyeth cleaned up the area around the Gazebo and helped spread rock screening materials to improve footing along the Strolling Garden Trail at Kiwanis Family Park.

We are grateful for all these good things that happened during 2008. We hope that you will get involved with parks & recreation in 2009 if you are not already.
