Re: Budget Message
Fiscal Year 2010-11 Recommended Budget

Dear Chairman Hayes and Commission Members:

In accordance with the Local Budget and Fiscal Control Act and the duties as the County's Budget Officer, it is my responsibility to present Lee County's FY 2010-11 recommended budget. The FY 2010-11 recommended budget has been developed with the Commissioners' primary goals to maintain the current tax rate of 75 cents per \$100 of valuation and to avoid further reduction in force actions. Due to the current economic recession which has now affected the last two budget submittals, this budget struggles to maintain service levels in many departments even with maintaining the current staffing levels.

Lee County, as are most of the 100 counties in the State, is facing the most difficult financial situation in decades. The high unemployment rate has increased the number of our citizens seeking assistance from our departments. Even with this economic downturn, this area is in a unique position to take advantage of growth opportunities in our region and be poised to move quickly forward when the economy begins to grow again. The pending Base Realignment and Closure (BRAC) at Fort Bragg, continued growth along the US 1 corridor, and growth in surrounding counties will add new challenges to the County. The County must continue to illustrate its intent to control its future by making proactive decisions that will help lower our unemployment rate and demand for our services, rather than reactive decisions that ultimately cost the taxpayers of Lee County more in the long term.

The County has taken the steps necessary to fund the renovations of Lee County High School, but now, must turn its attention to funding operations. The current recession has had a significant impact on the State of North Carolina's budget. The impact is being

passed on to the County through reductions in State shared revenues and the transfer of program funding to the County. These actions will have significant impacts on operations for the next two fiscal years.

Last year, the budget focused on decreasing fixed costs and reducing head count to balance the budget. The budget was reduced by over 10 percent. These actions helped prepare the County to ride out a long downturn in the economy, if necessary. It now appears that our ad valorem tax base has stabilized and that our sales tax revenues are slowly beginning to recover. However, even with this turn for the better, the County continues to see drops in revenue in other areas that will affect our ability to deliver services in the upcoming fiscal year and beyond.

The total budget presented is \$60,636,073. This represents an increase of 1.29 percent from the FY 2009-10 original budget and a 4.13 percent decrease over the current amended FY 2009-10 budget. The original adopted FY 2009-10 budget totaled \$59,864,318 and our current amended budget is \$63,247,854. Our budget fluctuates greatly during the year for several reasons. First, during the year departments may receive one-time revenue that they can spend to help their operations. We received these revenues mainly in the high service departments of the Sheriff, Jail, Health, Social Services, Senior Services and Youth Services. We also decided to move forward with the San Lee Dam restoration project which raised our budget by \$1,400,000 during the year.

The conclusion of the 2009-10 fiscal year will see that the county was able to reduce its reliance on fund balance reserves to cover operational expenditures and achieve balanced budget status (at least for one year). The County began the current year with an appropriation of \$1,068,620 versus the use of \$2,398,966 at the beginning of FY 2008-09. The current fund balance appropriation in the FY 2009-10 budget is \$2,811,397; the increase is largely to cover the renovation of the San Lee Dam. County Departments have already implemented year end cost cutting procedures to reduce the actual amount that we will use from fund balance. It is estimated that the County will use only \$1,746,000 of this amount to end the current fiscal year. If so, available fund balance in the General Fund will end the year at \$10,469,054, or 17.07 percent of the FY 2009-10 projected expenditures. The Board's policy states that it will strive for a fund balance of 18 percent and will not allow reserves to drop below 14 percent.

The proposed fund balance used to balance the FY 2010-11 budget is \$2,049,000. This is a significant increase over the current fiscal year, but consistent with previous budgets. The reason for the increase is to preserve our current employment levels. Without the increase of \$980,380, the County would have to reduce head count and eliminate non-mandated services and/or departments. A portion of the fund balance appropriation is for one-time expenses and includes consideration of the full-funding of salaries at \$926,977. This amount is routinely referred to as the County's "float". Due to our declining revenues, the County's ability to generate significant amounts of float has been diminished greatly. The County will need to monitor spending and revenue receipts very closely next year to make sure that the actual fund balance used does not bring the fund balance ratio below the 14 percent minimum. Eligible fund balance-

use projects are routinely viewed as purchases that have a useful life of more than one year and are not "consumable". These purchases total \$1,122,023 in the budget.

The revaluation of real property in the 2007-08 fiscal year produced a 12.4 percent increase in the County's tax base. Lee County financial policies adopted May 5, 2005, stated "In an effort to stabilize the County's tax rate, the Board of Commissioners will adopt a tax rate that considers the succeeding four years' anticipated expenditures and will strive not to change the rate until the next revaluation." As you are aware, our next revaluation was pushed back from the upcoming fiscal year to FY 2013, which means that in January 2011 the tax department will begin the next revaluation process. With current real estate prices flat in the county, the Board will need to decide whether to continue forward with a 2013 revaluation or move it back to the 8 year maximum of 2015. Our current sales tax ratio is still in the high 90's meaning a new revaluation would not significantly raise our tax base. A decision will need to be made by December 1, 2010 on whether to proceed or not. The pressure to maintain our current property tax rate is increasing with each passing budget. The property tax rate may need to be increased before the next revaluation if the county is expected to address ongoing capital needs and continue to address ongoing current expense and service issues.

Maintaining the current tax rate over the next several years will be extremely difficult given the current situation the State of North Carolina faces with its budget. As an extension of our State government, we are an easy way for the General Assembly to pass on program responsibility and expense reductions. The County has reduced its portion of the budget in each of the last 3 budgets in order to fund educational expense increases and absorb state actions which have reduced our revenues and increased our expenses. In the FY 2009-10 budget, the actions of the General Assembly in approving their FY 2009-11 biennium budget after we had passed our budget, negatively affected our budget by over \$1,000,000. Our ability to continue to meet our obligations at our current tax rate is very doubtful if the State passes additional expenditure increases and revenue cuts to the County. We cannot continue to absorb these actions and maintain our service levels. Either services and/or departments will need to be cut or the property tax rate will need to go up. With this being said, I want to say that the recent action to begin the renovations of the Lee County High School does not directly affect our operational budget. The ¼ cent sales tax and our capital reserve fund will cover the increase in debt for the High School and fits into our debt service program. With or without the project, the county faces a difficult period supporting our operational responsibilities.

Due to the Board's desire to maintain the current tax rate and to not reduce headcount in FY 2010-11, the County will not be able to fully fund the County's capital reserve per the County's financial policies in FY 2010-11. The contribution required by the County's financial policies would equal \$606,360. The \$350,000 that the Board recently decided to hold back from the Board of Education's current capital allocation will be transferred to the Capital Reserve Fund and will help us to overcome the loss of \$600,000 a year in ADM funding.

The total FY 2010-11 proposed budget reflects an increase of 1.29 percent in revenues bringing total revenues to \$60,636,073. The net revenue increase in the FY 2010-11

budget is \$771,755. Property tax revenue is projected to increase 1.81 percent over the FY 2009-10 budget year. Diligent tax collection efforts have allowed us to use a higher tax collection rate that offsets the revenue lost by a decrease of .79 percent or \$37,000,000 in our tax base. The County is showing an increase in Local Option Sales Tax of 13.58 percent due to the start of the ¼ cent sales tax which was passed in November of 2009. The County is still showing significant decreases in fee revenue, program revenue, and other revenues. These decreases reflect the trend since the fourth quarter of 2007 which began a decline in these revenues. Once again, this decline is largely due to the slow down in the economy, especially in the areas of home sales (excise taxes), housing starts (building inspections and environmental services fees) and State Shared Revenues (ADM, Beer and Wine, DSS & Health Department revenues, and grant funding).

For the five (5) years previous to the current fiscal year budget, the Board of Commissioners had made significant expenditure increases in education. Due to our declining revenues, the current budget reduced funding to both the Lee County School System (LCSS) and Central Carolina Community College (CCCC) by 4 percent. The FY 2010-11 budget recommends small increases in the current expense budgets for both to help assist them with increases in health insurance and retirement contributions. The LCSS requested a total of \$15,445,974 in local current expense which is an increase of \$467,924 or 3.12 percent from the FY 2009-10 budget. The recommended funding amount for FY 2010-11 is \$15,178,050 or an increase of \$200,000. The capital request from the LCSS is \$2,410,744. NC Lottery proceeds may be used to pay for debt and school current capital. The BOE has estimated lottery receipts of \$1,420,700 and we have estimated \$1,000,000, a difference of \$420,700. As we did in the current fiscal year, as soon as the allocations from the Lottery are announced to the County, the Board of Education (BOE) goes ahead and sends a request to the State for those funds. By the end of the year if the funds exceed what we budget, we amend our budget and give them the additional funds. We have reduced the County's contribution to capital by the \$350,000 that we said we would use to go towards our capital reserve fund. Also, the BOE asked for the lease payment of \$207,654 for the POD units at Lee Senior High School, which is included in the recommended budget. The budget shows a total of \$1,603,831 going towards LCSS capital. The difference in what they requested and what is presented is the difference in the Lottery and the \$350,000 reduction. Projects to be funded from the lottery proceeds must be approved by the Department of Public Instruction. Approval should be demonstrated to the County by LCSS before any project begins.

In the 2010-11 proposed fiscal year budget, current expense funding for CCCC is increased by \$23,205 or 1.06 percent. The Community College's current expense request in FY 2010-11 is \$2,241,465. The recommended appropriation is \$2,218,259. Just like the LCSS system request, most of the increase will go towards health insurance and retirement contribution increases. The capital appropriation continues to fund the POD units at the W.B. Wicker Business Center. The capital request from the Community College was \$312,670. The recommended expenditure of \$189,070 is \$4,004 or 2.07 percent less than the current capital funding of \$193,074.

The County's compulsory contribution to the State of North Carolina's Medicaid program ended in the FY 2009-10 budget due to the Legislature's Medicaid relief initiatives to counties. It should be noted that the county only received one year of the guaranteed savings from the Medicaid relief package. After the first year payment of \$500,000 from the State, the County did not receive the guaranteed payment in the final two years due to the fact that Medicaid expenditures grew to exceed the declining sales tax revenues we "swapped" with the State. As part of the Medicaid legislation, the County will continue to hold harmless provisions of the Article 44 sales tax loss for the City of Sanford and the Town of Broadway. After "swapping" sales tax revenues for Medicaid expenses and holding the municipalities harmless, the County will see no net savings from the swap in any budget years going forward.

This year, no Cost of Living Adjustment (COLA) is recommended for employee pay. Per the County's financial policies, a COLA for employees is determined by a US Department of Labor index. This year's COLA index was 2.9 percent; therefore, this will be the first time that we can remember that the employees will not receive a raise when the index called for one. Last year's index was zero so the lack of a COLA was consistent with our policy. The budget does set aside \$150,000 which can be used to fund a COLA during the year if revenues improve.

The FY 2010-11 proposed budget increases our current headcount of 345 positions by one to 346. One position is being eliminated in Environmental Health due to lack of revenue, and it is recommended that we finally fund the IT Network/Systems Administrator position beginning in January 2011. The proposed budget also includes the addition of a full-time fire inspector in the Fire Marshal's office. The position is currently a temporary part-time position. The State funding of a drug agent and the gang task force officer ends on June 30, 2010. The proposed budget takes this funding over and makes it a County responsibility at a cost of \$80,000 per year.

The FY 2010-11 budget continues to fund the employee benefits of workers compensation insurance and medical insurance for our employees. The County's workers compensation insurance coverage renewal will be flat compared to last year's actual premium. The County actually had a rate reduction, but increases in the number of employees in the Sheriff's Department offset the reduction. We achieved the rate reduction through better claims management and claims history. Second, the proposed budget incorporates a one percent decrease in employee medical insurance rates. The County currently offers 3 different plans to employees and retirees. Employees and non-Medicare (pre-age 65) eligible retirees will have the choice of continuing in a PPO plan or moving to a HSA plan. Medicare eligible retirees (post-age 65) will still be provided a Medicare supplement program that actually provides better coverage in most areas than the employee plans. To reduce the 13 percent increase in our original renewal quote from Blue Cross & Blue Shield (BCBS), the County will be changing its PPO plan to a new plan called PPO123. Staff, realizing that a decrease was needed, worked through our consultant, Mark III, to develop the new plan that would reduce the County's costs.

For years, the Board has provided a health insurance benefit for retirees that serve at least 15 continuous years with Lee County immediately preceding retirement. It is

estimated that this benefit will represent a \$301,632 expenditure in FY 2009-10. The 2010-11 fiscal year realizes a total possible exposure of \$301,824. Presently, 58 former employees receive this benefit. It is anticipated that in the next five (5) years, an additional 19 employees will be eligible to retire with full retirement benefits and benefit from the program. There will also be 13 employees during the next five (5) years that can retire with reduced retirement benefits and qualify for the insurance benefit. In light of increased medical insurance costs and the increasing number of retirement-eligible employees, the Board of Commissioners did modify the retiree health insurance benefit for any employees hired after March 1, 2010. For employees hired after that date and who earn the retiree health insurance benefit, coverage will only be provided from retirement to reaching the age sixty-five (65); or becoming covered under another comparable group medical plan; or becoming entitled to Medicare. Even with this change, the Board should continue to monitor this program closely and be prepared to modify such, if it becomes cost prohibitive.

Keeping with the Board of Commissioners' commitment to assist the Sheriff in reducing crime in the County, this year's budget makes significant increases in the expenditures for the Sheriff and Jail operations. To the Sheriff and his staff's credit, they have done a great job in securing grants and drug forfeiture funds to help them pay for training, equipment, capital, and staff. The Sheriff's operational budget is increasing by \$301,425 or 7.96 percent. \$271,883 of the increase is in capital. The County did not provide replacement cars for the Sheriff in FY 2009-10 and reduced the number of cars mid-year in FY 2008-09 when budget reductions were put in place. As the cars age, maintenance expenses are on the increase so we need to begin the replacement procedure again. As stated earlier, the County will take over the total funding of the grant funded drug agent and gang task force officer positions in FY 2010-11 when those grants run out. The Sheriff has obtained two sizable grants through the Justice Grant program which will add \$125,000 to the Sheriff's budget and \$107,240 to the Jail's budget. These grants cover two (2) positions in each department and some capital/equipment. Overall Public Safety, including Emergency Management and the Fire Marshal's budget, is up 7.04% or \$515,639. Almost all of the increase is in the Sheriff and Jail departments. Emergency Management and the Fire Marshal's budget are basically the same for FY 2010-11, even with the increase of a part-time position to a full-time position.

The County's Human Services functions continue as the backbone of how the County affects the lives of its citizens. This proposed budget holds services at their current levels, but will be affected by increased demand by our citizens. The County faces a desire from our citizens for increased services in this area while the State reduces funding. Overall, the Human Services budgets are up .85 percent or \$123,139. All of this increase is basically in the Youth Work Force Development Program which we took over in FY 2009-10. The rest of the programs in Social Services, Health Services, Senior Services, Youth Services and Mental Health are basically held at the FY 2009-10 levels with some adjustments between programs. The real effect on our budget occurs on the revenue side for these programs as State reductions to these programs begin the transfer of responsibility to the County. These departments asked for new positions, position upgrades and/or reclassifications to try and help with the increased demand for

services. Most of these requests went unfunded due to the revenue reductions from the State or the desire not to increase county responsibility for these programs.

North Carolina General Statute (NCGS) 159-13(a) directs that the Budget Ordinance and tax rate adoption take place by July 1, 2010. On the same day the budget is presented to the governing body, the Budget Officer is required to file a copy of it in the Office of the Clerk to the Board for public inspection and schedule a public hearing. In addition to the Clerk's office, a copy of this proposed FY 2010-11 budget will be available at the Suzanne Reeves Library on Hawkins Avenue in Sanford and online at the County's website, www.lee-countync.gov. The public hearing for this recommended budget is scheduled for May 17, 2010, in Commissioners Board Room at the Lee County Government Center. NCGS 159-13 specifies that not earlier than 10 days after the budget is presented to the governing body and not later than July 1, the governing body shall adopt a budget ordinance and levy a tax rate. A work session for the Board to contemplate this proposed budget is scheduled for May 3, 2010 at noon. It is hoped that deliberations will be complete and that the budget ordinance may be adopted at the June 1, 2010, regular Board meeting.

In the following pages you will find a more detailed account of this FY 2010-11 proposed budget. I encourage you to review such and contact me if a specific explanation is required. A presentation of the document and the proposals contained within is scheduled for the May 3, 2010, 3:00 p.m. regular meeting of the Board.

The drafting of this recommended budget has taken many hours of work and dedication from many employees. I wish to thank Lisa Minter, Finance Director, for her assistance in preparing this budget. I also want to thank all the department heads who understood the challenges we faced in this budget and helped balance the budget. Going forward, I am optimistic that the steps we have taken in reducing our re-occurring expenditures over the last two budgets will position us to take advantage of opportunities when the economy turns for the better. This will be another difficult year for us and all the agencies that we fund. However, I am excited about the future and believe that Lee County is in a good financial position. The County's staff stands ready to help in the review of the budget, and we await the next step in the process.

Sincerely,

John Crumpton

County Manager/Budget Officer

FISCAL YEAR 2010-2011 PROPOSED BUDGET RECOMMENDATIONS

GENERAL FUND REVENUE

In order to achieve a self-sufficient operation, this proposed budget includes the receipt of \$60,636,073 in revenue to support General Fund activities for the 2010-11 fiscal year. Estimates of revenues for budgetary purposes are gathered from a variety of sources. To estimate revenues for the coming year, the County Manager and Finance Director consult with the Tax department and other department heads. These individuals play an important role in providing estimates of revenue from program-related fees; state and federal grants; licenses and permits; sales and services; property tax and sales tax. Past trends, current and future economic conditions along with the input of County department heads were used to establish revenue projections for the coming year.

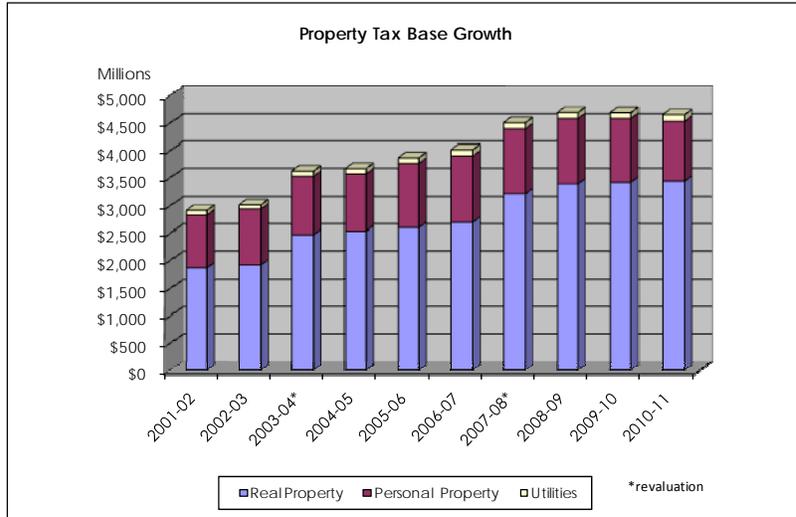

As that greater than 72 percent of the government's revenues are derived from two sources, the property tax and sales taxes, it is important to understand the significance of the projected revenue proceeds. The following table should help show the changes in the two revenue sources and the County's reliance on each as a percentage of total expenditures.

Table #1 – Major Revenue Sources

	FY 2009-2010	FY 2010-2011	Difference	% Change
Tax base	\$ 4,692,000,000	\$ 4,655,000,000	\$(37,000,000)	(0.79%)

Lee County continues to be impacted by the economic downturn faced by our nation. This is evidenced by a .79 percent decrease in the tax base. The decrease is attributed to a decline in the value of registered motor vehicles, as well as, a decline in personal property. A \$38,000,000 decrease in registered motor vehicle value is anticipated in fiscal year 2010-11 due to people not buying vehicles, and the few that do purchase are buying lower priced vehicles. A \$37,000,000 decrease in personal property is largely attributable to businesses not retooling during this downturn. These large decreases in value are offset by a very modest .66 percent increase in real property value and a 14.76 percent increase in utilities. As illustrated above, the tax rate for FY 2010-11 is recommended to remain at 75 cents per \$100 of valuation.

While the economic downturn is having a negative impact on the County's tax base, the Tax Department has been working diligently on collecting the taxes due to the County. The County had a collection rate of 98 percent for the year ended June 30, 2009. The budget for FY 2010-11 has been prepared with the assumption that the Tax Department will

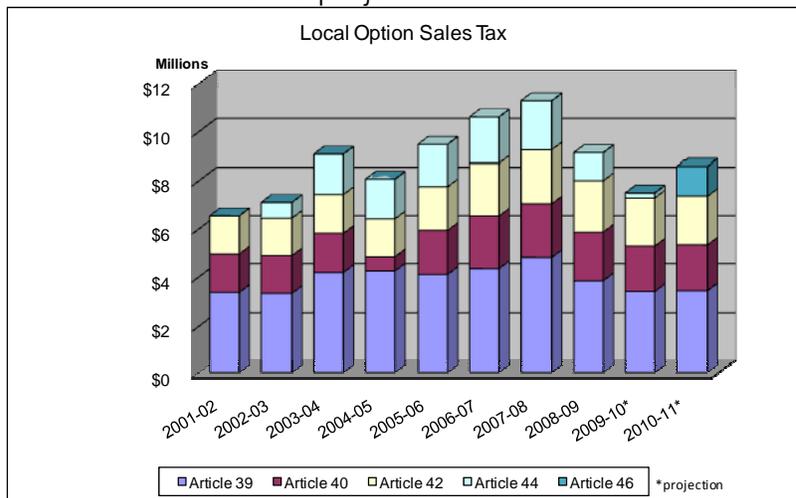

continue to collect 98 percent of the levy for FY 2010-11. At this collection rate, the local tax base will produce \$456,190 for each penny of the tax rate levy resulting in a projection of \$34,214,250 in tax revenue for FY 2010-11.

Sales tax revenues are the County's second largest single revenue source. The current sales tax rate in Lee County is 7.75 percent. Of this, two percent is returned to the County. In Lee County, the total county-wide sales tax collections are distributed between the cities in the County and Lee County government based on the population in each government unit. The County's share of 1.00 percent is unrestricted. The other 1 percent is legally split into two .5 percent taxes and has certain restrictions placed on the proceeds by General Statutes. July 1, 2010 will bring the implementation of the ¼ cent sales tax that the voters of Lee County approved in November 2009. While the sales tax is not restricted by legislation, the Board of Commissioners did approve a resolution to use the proceeds for educational needs beginning with the renovation of Lee County High School.

Currently, 30 percent of the first .5 percent sales tax and 60 percent of the second .5 percent sales tax must be used for school related projects or debt service related to school projects. School sales tax collections are now used to fund debt service incurred by the County for the Lee County School System.

Declining retail sales and Medicaid relief changes have led to some serious reductions in the County's sales tax revenues. However, economic indicators are showing that the tide has started

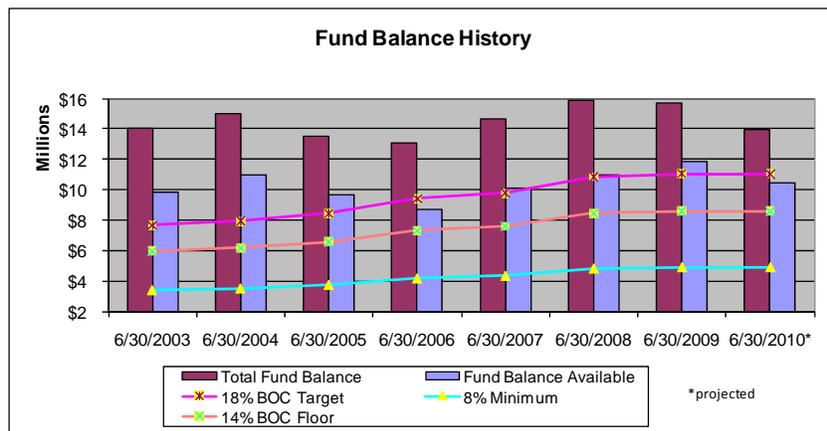

to turn ever so slightly; therefore, the various sales tax sources are projected to increase one percent above the projected amounts for FY 2009-10. With that increase, the implementation of the new ¼ cent sales tax, and the completion of the Medicaid relief changes, total local option sales tax revenue is projected at \$8,584,520, a \$757,438 increase from the FY 2009-10 budget amount.

Considering the anticipated use of \$1,400,000 of fund balance for repairs to San-Lee Dam and \$346,000 to cover over capital expenditures in the current year budget, it is projected that the year end 2010 available fund balance will be 17.07 percent of general fund expenditures. This proposed budget's use of fund balance reserves is significant, but necessary, if the Board of Commissioners does not want to raise taxes or to reduce head count. A fund balance appropriation of \$2,049,000 is included as supplemental revenue for FY 2010-11. A list summarizing the requested and recommended fund balance uses by category are illustrated in the table below. A detailed list can be found in Exhibit 4.

Table #2 – Fund Balance Uses

While the use of fund balance for one-time expenditures is not in and of itself a negative action, the ongoing annual use of fund balance is cause for contemplation. If this trend continues, the County risks increased scrutiny from the Local Government Commission and ultimately forced oversight by this regulatory body. A much better method for funding capital acquisitions is the use of a capital reserve fund. The Board did adopt a capital reserve appropriation policy that requires an annual contribution amount equal to one (1) percent of General Fund expenditures; however, due to the financial restraints of this budget only .58% of the budget has been appropriated to be transferred to the capital reserve fund. Without such a fund,

the depletion of fund balance is prone to continue. The Board also adopted a minimum fund balance policy that requires an amount equal to 14 percent of expenditures and strives for a target fund balance to expenditures ratio of 18 percent. In light of the budget reductions made in FY 2009-10, our available fund balance to expenditures ratio increased this past year; however, the County needs to be cautious in continuing to appropriate fund balance and increasing its total budget. Without careful monitoring, the County could quickly be back near its minimum fund balance.

GENERAL FUND EXPENDITURES

Expenditures proposed herewith total \$60,636,073 an increase of 1.29 percent or \$771,755 more than the FY 2009-10 original budget. The increase is attributable to normal inflationary influences and minor increases in Education funding. This relatively small increase in the proposed budget did not come easily. Several of the County's financial policies have been superseded this year. As mentioned earlier, the County's one percent of budgeted expenditures transfer to the Capital Reserve Fund has been reduced to .58%. In addition, the competitive employment provision in the County's financial policies that specifies the County's use of a specified Consumer Price Index (CPI) to determine increases to employee salaries called for a 2.9 percent Cost of Living Adjustment (COLA) in FY 2010-11; however, this proposed budget does not include a COLA for Lee County's employees. The County has once again had to reduce benefits in its health insurance plan to avoid increased costs. This recommended budget does include a mandatory increase in retirement contributions for our employees. For general employees, the contribution rate is increasing from 4.92% to 6.47% and for law enforcement, the rate increases from 4.86% to 6.41%. Based on information that we have received from the retirement system, we will be facing additional increases for at least five more years. Next year's increase will be 1.20 points.

Requests for 9 new positions were submitted for consideration for FY 2010-11. This budget proposes the funding of 2 of the requested positions. Table #3 illustrates said requests and those recommended for approval.

As an agent of the General Assembly, the County provides many mandatory human services programs of which the eligibility and cost are not determined locally. County revenue totaling \$4,515,226 is dedicated to these type required services; \$29,116,097 is dedicated to mandatory programs and services outside the human service functions. A detailed list of mandated and non-mandated programs is provided in Exhibits 2 and 3. The County's inability to control the vast majority of the annual budget is an ongoing frustration that many outside of daily government affairs do not necessarily comprehend. Legislation approved in 2007 has provided relief from the County's required contribution to the State's Medicaid program. However, counties are now seeing the State shift costs of other federally mandated entitlement programs to the counties by capping the State's contributions to the program.

4. 50% County costs

Following is a more detailed description of proposed General Fund expenditure activities by functional area. The Board should be aware that the requested operational budgets for the various County departments were very conservative and contained very few unreasonable requests. Appreciation is extended to the department heads for submitting practical proposals that considered the County's mission and its financial status. The Board should extend praise to each for their sincere dedication to the organization and their ability to provide high-quality services on somewhat less than adequate operational budgets.

General Government

General government activities can be viewed as the administrative support and governing activities of the organization. Included in this category are the governing body and administrative management, revenue and finance functions, courthouse responsibilities, as well as, facility and technology support. Total

expenditures in this category are up a modest 1.15% percent or \$81,712. The majority of the increase is attributable to investments in the County's assets through capital outlay and building improvements. The responsibility of general government activities can be summarized as support services for the functional areas of County

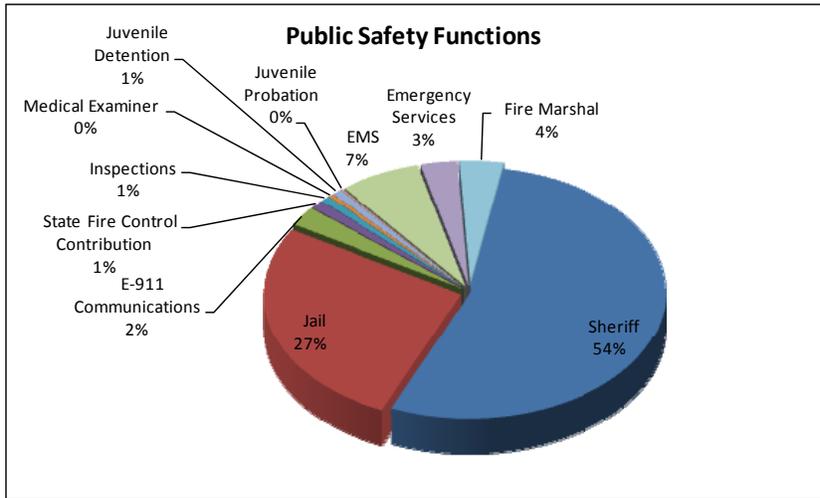

government. These back-office functions provide the revenue, administration, professional and technical support necessary to operate local government. While largely unseen by the general public, these services are essential and must receive continued investment of County resources to ensure high achievement standards in all government departments.

Over the past years, the County has made some major advancements and investments into technology; however, these are not one time investments. Technology is always advancing and must be maintained, enhanced or replaced on a routine basis. This proposed budget concentrates on the maintenance and enhancements of our systems. The IT department has requested an IT Network/Systems Administrator to fill a vacancy that was created in the IT department by the promotion of the current IT director. It is recommended that this position be filled in January 2011. The IT department has implemented many new projects over the last few years, many of which have resulted in reduced operating costs for the County. However, for the systems to continue to operate properly they must be maintained, and the current staffing level in the department is making it extremely difficult for the department to provide quality service to the County departments and ultimately the citizens of Lee County.

General Services' budget is increasing \$110,605 or 4.48 percent. This increase is attributable to necessary repairs to keep our facilities in good working order. Repairs to the foundation at Daymark Recovery Services (Mental Health building) are included in the proposed budget at a cost \$95,000, and the replacement of the fire alarm system at the Main Library is budgeted at a cost of \$35,000.

Public Safety

Total public safety related expenditures are proposed to increase by 7.04 percent or \$515,639 in the recommended FY 2010-11 budget. A large portion of the increase, \$232,240, is attributable to Justice Grants received by the Sheriff's department and the Jail for two (2) positions in each department. These grants were

funded through the American Recovery and Reinvestment Act and only fund the four (4) positions for two years. In the FY 2008-09 budget, a drug agent and a gang task force officer were added through grants. The funding for those positions runs out June 30, 2010. The proposed budget for FY 2010-11 includes the County assuming the costs of those positions at a cost of approximately \$80,000. The Sheriff has submitted a FY 2010-11 budget request of \$4,512,006, an increase of \$724,781 or 19.14 percent. The Sheriff requested an additional crime scene investigator and the

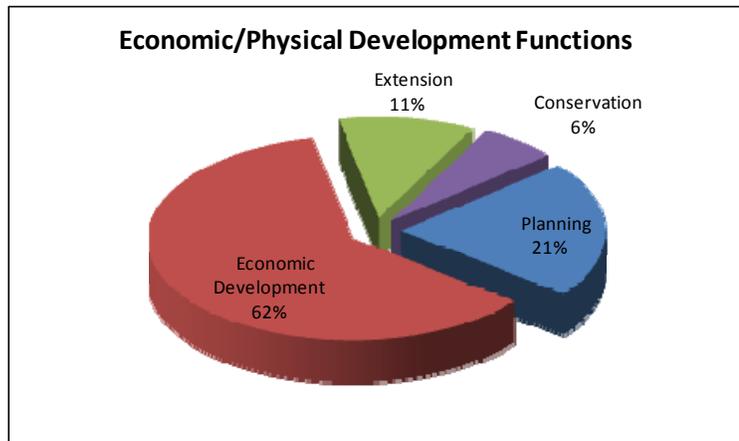

conversion of two part-time positions to full-time, a data entry clerk and a courthouse security officer. However, the FY 2010-11 budget does not include funding for these requests due to the County assuming the costs for the drug agent and the gang task force officer. With very few capital dollars included in the FY 2009-10 budget, the FY 2010-11 budget does propose funding \$278,133 of the \$466,684 requested in capital outlay for the Sheriff's department.

The Emergency Services Director has requested to make a part-time fire inspector position in the Fire Marshal's office full-time. With other operational reductions, the change can be made with only a \$3,713 increase in costs to the fire districts that fund the Fire Marshal's office; therefore, the position change is recommended in the FY 2010-11 budget.

The City of Sanford requested a 12.93 percent or \$24,499 increase in funding for E911 communications. The proposed FY 2010-11 budget includes a 3 percent increase or \$5,685.

Economic and Physical Development

Per contractual relationship with the City of Sanford, it is proposed that the joint Planning and Community Development department's budget continue to be funded by the County. This amounts to \$372,850 for FY 2010-11; a 1.99 percent increase from the original budget for the current fiscal year.

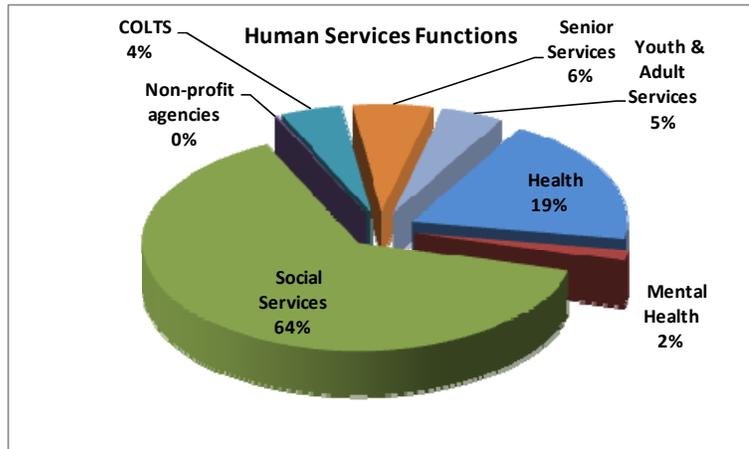

Costs for Economic Development are proposed to increase by \$31,003. The majority of the increase or \$28,910 is attributable to incentives. The recommended budget includes \$891,853 for incentives. The incentives are provided to new and expanding industries that have made a significant investment and employment commitment. The incentive program is managed by the Lee County Economic Development Corporation. A list of approved incentive contracts and the anticipated payment amount is provided in Table #4.

Table #4 – Approved Incentive Contracts

Wyeth #4	\$213,152	2013

Human Services

Human Services budgeted by the County are proposed to increase .85 percent from the FY 2009-10 budget; a \$123,139 increase. However, fee revenues, federal and State revenues and grant funds used to pay for human services are decreasing \$145,522 or 1.52 percent resulting in a total increase to the County of \$268,661. Services budgeted in this category include Mental Health, Health, Senior Services, Social Services and Youth and Adult Services. The services that fall under this umbrella are vast and account for \$14,671,546, or 24.20 percent of the total FY 2010-11 recommended General Fund budget.

The services that fall under this umbrella are vast and account for \$14,671,546, or 24.20 percent of the total FY 2010-11 recommended General Fund budget.

The FY 2010-11 budget continues the County’s membership with the Sandhills Center for the provision of Mental Health, Developmental Disability, and Substance Abuse (MH/DD/SA) Services. While the County’s obligation to the service provider is identical to that of the previous Lee-Harnett MH/DD/SA Authority, the per capita contribution is significantly higher than that of 75 percent of the member counties. For the 2010-11 fiscal year, the Sandhills Center has requested a contribution of \$240,000 which is equal to the amount budgeted in FY 2009-10.

Health Department expenditures are decreasing \$56,904. Revenues for the Health Department are also decreasing 3.10 percent or \$37,472 resulting in an overall decrease in cost to the County equal to \$19,432. Much of this decrease is due to the elimination of the Health Check Coordination program. In addition, due to the continuing slow down in environmental health fee collections, an environmental health inspector position has been eliminated from the FY 2010-11 budget.

The administrative costs of the Social Services department for FY 2010-11 are \$5,506,212, an \$81,099 increase from FY 2009-10 original budget. The increase in the County's required retirement contribution accounts for \$54,510 of the increase in this budget. Another \$20,529 of the increase is attributable to capital outlay for a much needed vehicle for the department as well a workstation to replace a desk to better utilize limited workspace and replacement computers for staff. The remaining increase is attributable to program costs that are 100 percent reimbursed by the State. An ICM Caseworker II was requested for each of the following units in FY 2010-11: Food and Nutrition Services, Adult Medicaid and Work First/Daycare. While the necessity of three positions was demonstrated based on caseloads, the constraints on the FY 2010-11 budget did not allow for the addition of any of these positions.

Social Services programs in the FY 2010-11 budget are decreasing by \$22,148 or .57 percent. The problem with the Social Services budget in FY 2010-11 is not on the expenditure side but on the revenue side. Revenues are decreasing \$208,155 or 3.01 percent. Of this decrease, \$130,605 correlates to decreases in corresponding expense line items. A \$17,083 reduction in revenues can specifically be attributed to state cuts in reimbursements for administration of some of the Child Welfare and Adult Service programs for the FY 2010-11. The State cut \$42,730 in State Aid to Counties funding last year after the County budget for FY 2009-10 was prepared; therefore, that reduction is reflected in FY 2010-11 budget. The remaining decreases can be attributed to a loss in incentive revenues caused by the reduction in the child support staff in FY 2008-09, to a \$30,000 cut made by the local Smart Start Partnership for administering the Smart Start day care subsidy and to a reduction to reflect a more reasonable projection based on revenue history.

The Youth and Adult Services division will again receive a much anticipated \$75,000 Runaway Homeless Grant in FY 2010-11. The budgets for this division have increased \$105,569 or 18.38 percent for FY 2010-11. The increase is attributed to some program changes in FY 2009-10 including the elimination of the THANKS mentoring program that was not funded by the State in FY 2009-10 and the addition of a program to help with youth employment.

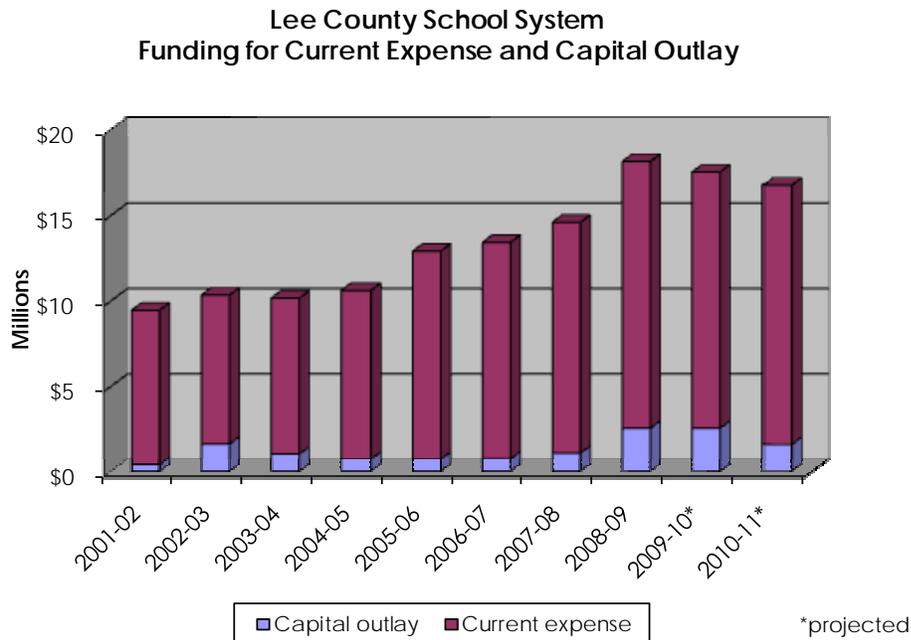

The FY 2010-11 recommended budget holds funding to all non-profit human services agencies at the FY 2009-10 levels and does not include funding of new requests received from the Boys & Girls Club and the Helping Hand Clinic.

Education

The five (5) expenditure budgets for the Education category are Lee County School System (LCSS) Current Expense, LCSS Capital, Central Carolina Community College (CCCC) Current Expense, CCCC Civic Center and CCCC Capital. These five (5) budgets combined represent 31.73 percent of total General Fund expenditures for FY 2010-11, which equates to a total Education appropriation of \$19,242,720; .68 percent lower than the 2009-10 fiscal year budget of \$19,373,519.

The Lee County Board of Education's submitted budget represents a \$17,850,718 funding request, \$15,445,974 for current expense and \$2,404,744 for capital outlay. The current expense budget request is an increase of \$467,924; however, due to the limited increase in our revenues, the recommended budget includes an appropriation of \$15,178,050 for FY 2010-11, a 1.34 percent or \$200,000 increase. LCSS' capital outlay requests totaled \$2,404,744 for FY 2010-11. The recommended budget includes funding of capital at the same level as FY 2009-10 minus the \$350,000 that the Board of Commissioners approved withholding from the LCSS's current capital allocation to replenish capital reserves reduced by the Lee County High School renovations project. The budget includes the continuing funding of the \$207,654 annual payment for the pod units located at Lee County High School. The requests assume an allocation of \$1,420,700 from NC Lottery proceeds. The proposed budget recommends funding \$1,630,831 of the request using \$1,000,000 from NC Lottery proceeds pending approval of projects by the Department of Public Instruction and \$630,831 from County funds with \$207,654 being specifically allocated to the payment of the pod units' lease.

While not funding the LCSS at the requested level, the net total education appropriations in this proposed budget are the equivalent of 34.60 cents of the tax rate levy. The following graph illustrates the County's current expense and capital outlay funding history.

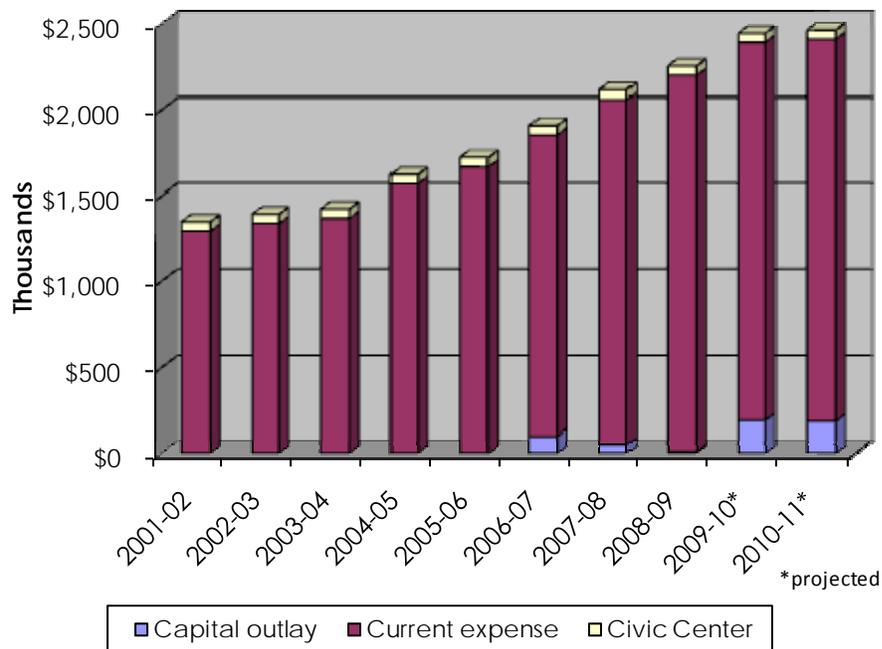

Central Carolina Community College requested current expense funding of \$2,241,465 for FY 2010-11, an increase of \$46,411 or 2.11 percent. Increases in employee benefit costs account for \$13,193 of the requested increase. Other items contributing to the increase include contracted security personnel at the W. B. Wicker Center and improved landscaping maintenance at all Lee County college sites. The FY 2010-11 budget recommends \$2,218,259 for current expense.

The College requested \$370,080 in capital funds for FY 2010-11. The request includes \$150,112 for the pod unit leases as well as \$15,600 for perimeter fencing of the modular units at the W. B. Wicker Center, \$40,000 for replacement vehicles for the Maintenance Department, \$14,958 for kennel fencing at the Vet Tech Department, \$24,000 for repairing the sewer lift station on the main campus and \$68,000 for renovations at the Dennis A. Wicker Civic Center. The proposed budget for FY 2010-11 funds \$189,070 for the pod lease expense, the kennel fencing and repairing the lift station. It is recommended that \$15,000 from the Room Occupancy Tax Fund be used to start design work for the renovations at the Civic Center.

The Community College's request includes \$57,410 in funding for the Dennis A. Wicker Civic Center. This requested amount is an increase of \$3,900 or 7.3%. The recommended budget for FY 2010-11 maintains the General Fund's contribution at the FY 2009-10 level of \$53,510.

Central Carolina Community College Funding

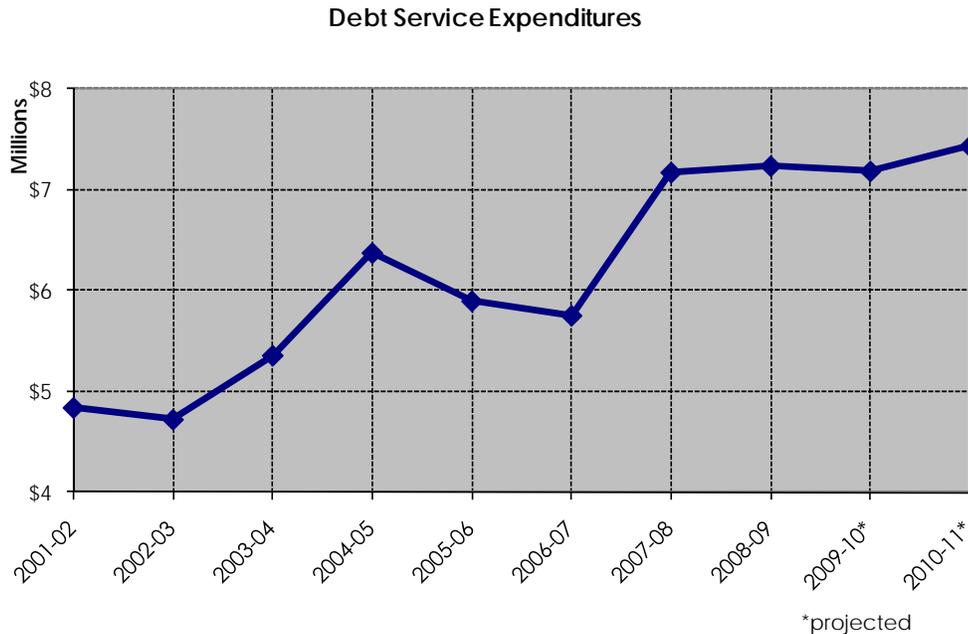

Cultural and Recreational

The Cultural and Recreational category of General Fund appropriations for FY 2010-11 reflects an increase of \$35,113 or 1.85 percent. The Library budget is increasing by \$558. Parks and recreation budget is increasing by \$34,555 or 2.89 percent. Temple Theater and Arts Council recommended appropriations are maintained at the levels in the FY 2009-10 budget.

Debt Service

This proposed budget includes debt service totaling \$7,437,996, an increase of \$248,334 or 3.45 percent. Debt service payments related to debt to be issued in May 2010 if approved by the Local Government Commission on May 4, 2010, have been included in the FY 2010-11 budget. Following is a graph that illustrates the County's total debt service expenditures over the past ten (10) years. Please note that of the County's total debt payment for the coming fiscal year, \$6,701,898, or 90.10 percent, is for Lee County School System facility construction. Funding for FY 2010-11 debt service payments includes ¼ cent sales tax proceeds of \$1,224,000, \$723,179 from the Capital Reserve Fund based on the County's capital funding plan and \$774,631 from investment earnings on the 2006 Certificates of Participation proceeds.

Emergency and Contingency

The County maintains an emergency and contingency account to budget for unexpected yet reasonable changes in the operation costs of governmental operations. This year's Miscellaneous Expense budget includes several noteworthy items. The first is a \$64,429 appropriation for unemployment insurance contingency. This appropriation has been increased by \$24,429 in the FY 2010-11 proposed

budget because of an anticipated increase in the number of claims against the County as a result of the reduction in force at the end of FY 2008-09.

The second noteworthy item in the Miscellaneous Expense budget is a \$150,000 reserve for COLA. These funds are being included in hopes that the revenue picture for the County will improve between now and December allowing us to make a pay adjustment for our employees. Another noteworthy item is the \$350,000 contribution to the General Fund Capital Reserve account. This contribution does not fully fund the one (1) percent of General Fund expenditures in accordance with the Board's adopted financial policies. The adoption and adherence to this goal is a wise decision that will ultimately reduce the Board's reliance on fund balance to pay for capital acquisitions; however, due to budget constraints already covered, the policy could not be complied with in the recommended budget for FY 2010-11 budget. It is hoped that as the County's financial condition improves, full funding of this goal will not only be restored but also increased to more adequately fund the capital projects of the government.

A complete accounting of all Emergency and Contingency appropriations is provided in the following table.

Table #5 – Miscellaneous Expense Account Expenditures

Amount	Purpose
\$ 64,429	Unemployment insurance contingency
\$ 25,000	Workers' compensation insurance contingency
\$150,000	Reserve for COLA
\$350,000	Capital Reserve Fund transfer (per Financial Policy)

-----End of General Fund-----

ROOM OCCUPANCY TAX FUND

The revenues from this fund are derived from a 3% surcharge placed on hotel/motel rooms within Lee County and are dedicated to the operation and capital improvements of the Dennis A. Wicker Civic Center. An appropriation of \$182,857 funds the current expense request for the Civic Center. An additional \$15,000 is appropriated in FY 2010-11 to fund the design phase for renovations of the Civic Center.

SPECIAL REVENUES SCHOOLS FUND

The restricted portions of Articles 40 and 42 sales tax proceeds are deposited in this fund as required by State law. Also, the proceeds from the NC Lottery are deposited in this fund for accounting purposes.

Revenues in this fund are down \$631,539 or 18.47 percent. The majority of the decrease or \$519,771 is due to the State eliminating the Public School Building

Capital Fund (ADM) funds for counties from its biennium budget for fiscal years 2009-2011. The remaining decrease is the decline in sales tax due to the downturn in the economy. The use of \$1,000,000 in NC Lottery proceeds is included in this fund. These funds are transferred to the General Fund to service school related debt and capital outlay items.

CAPITAL RESERVE FUND

An appropriation of \$723,179 is recommended in this fund for the 2010-11 fiscal year to cover debt service costs in the General Fund. A contribution of \$350,000 is recommended to come from the General Fund.

EMERGENCY TELEPHONE SYSTEM FUND

The Board established this fund during the 1996-97 fiscal year to account for the E-911 surcharge revenues collected by Windstream. During FY 2007-08, the State took over the collection of all E-911 surcharges and is distributing the funds to the cities and counties. An appropriation of \$706,670 is being transferred to the City of Sanford to compensate them for leasing equipment and paying other qualified costs for the E-911 Communications Center located in the basement of City Hall. The balance of the funds will be transferred to the County's General Fund to pay for qualified E-911 cost in the Strategic Services budget. The total appropriation from this fund is \$709,670.

AIRPORT TAX RESERVE FUND

On February 20, 2003, the Board of Commissioners approved a funding agreement for the Sanford-Lee County Regional Airport Authority. The agreement establishes a reserve fund based on the amount of property tax collected on personal property located at the airport during each fiscal year. The first priority in the use of the collected funds will be for the operation and maintenance of the airport and airport capital projects. Excess funds may be used for public purposes that benefit both the City and County.

The Airport Authority has requested \$194,400 for FY 2010-11. This is an increase of \$105,128 or 117.76 percent. The estimated tax base for FY 2010-11 will produce enough revenue to support all but \$21,880 of this request. The difference will come from the fund balance of the fund.

WATER DEBT SERVICE FUND

This fund was established in FY 2005-06 to accept contributions from the City of Sanford to offset the remaining debt that Lee County Water & Sewer District #1 holds on the water system that was transferred to the City of Sanford in March 2005.

FIRE DISTRICTS FUNDS

With the establishment of the Lee County Fire Advisory Board (FAB), this proposed budget does not include recommendations for the volunteer fire department budget requests. The FAB is considering the FY 2010-11 funding levels for each of the fire districts and will present their recommendation to the Board of Commissioners by June 7, 2010.

SOLID WASTE FUND

The purpose of this fund is to account for revenues and expenditures in the Solid Waste enterprise budget. Total projected revenues for the fund are \$1,450,593 a 9.27 percent increase from the current fiscal year. The primary reason for the increase is the inclusion of a \$150,000 white goods grant to fund paving the white goods processing area at the land fill. Solid waste fees are recommended to stay at their current levels.

Table #6 – Solid Waste Fees

FEE	CURRENT RATE	PROPOSED RATE	DIFFERENCE
(1) Disposal fee	\$40.00	\$40.00	\$0.00
(2) Collection fee	\$40.00	\$40.00	\$0.00
Total	\$80.00	\$80.00	\$0.00

LEE COUNTY

NORTH CAROLINA

Committed Today for a Better Tomorrow

RESOLUTION

WHEREAS, the Lee County Board of Commissioners met February 7-8, 2005, at the UNC School of Government at Chapel Hill to contemplate future challenges and opportunities that the County will encounter; and,

WHEREAS, the Board of Commissioners is excited and optimistic that the future of Lee County will be one of great prosperity; and,

WHEREAS, Lee County government has a distinct role in guiding the development and improvement of the community and its citizens; and,

WHEREAS, it is imperative that the Board of Commissioners communicate a clear vision for the expectations of County Government and its employees in providing services to the community; and,

NOW, THEREFORE, BE IT RESOLVED, that the Lee County Board of Commissioners, after completing their February 12-13, 2007 Retreat, does hereby adopt and reaffirm the following vision statements for use in leading, directing, and prioritizing the work of Lee County Government:

MOTTO:

Committed Today for a Better Tomorrow

MISSION:

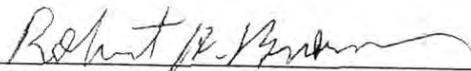

Through vision and leadership, setting the standard for professional local government.

CORE VALUES:

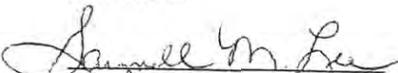

We value:

Our citizens, community, family, business and industry,
Competent, knowledgeable and courteous employees,
Cost effective, high quality service, and
Responsive and cooperative departments.

Adopted this 19th day of February 2007.

Robert H. Brown, Chairman

ATTEST:

Gaynell M. Lee, Clerk

FINANCIAL POLICIES RESOLUTION

WHEREAS, stability in fiscal affairs is a desirable objective but a difficult goal for counties to attain because of many factors some of which are the relationship of the various units of government, mandates, the changing economies and the limited authority of local government; and

WHEREAS, the Board of Commissioners is of the opinion that the statement of minimum standards of fiscal policy would help present and future boards and staff to adapt to the changes that occur and help them to attain a reasonable measure of fiscal stability;

NOW, THEREFORE BE IT RESOLVED, that the Lee County Board of Commissioners does hereby adopt the following financial policies:

Debt

- Debt service will not exceed 15% of general fund expenditures. In any year where the debt service is less than or equal to 14% of general fund expenditures at least 1% of the operating budget will be transferred to capital reserve. This contribution will only be made if available fund balance is at 15% or greater of general fund expenditures.
- Payout of aggregate principal outstanding shall be no less than 50% repaid within 10 years.
- The County will strive to maintain its net bonded debt at a level not to exceed two percent of the assessed valuation of taxable property within the County.

Fees and user charges

- As part of the budget process, the County shall annually review the fees and user charges. All changes to the schedule of fees and charges must be approved by the Board of Commissioners.
- The County should charge other fees when it is allowable, when a limited and specific group of beneficiaries can be identified, when it is feasible to charge beneficiaries for the services rendered, and when there is no reason to subsidize the service wholly or in part. To the extent possible, fee levels should be set to recover the full costs of the services provided, unless it is deemed necessary or desirable to subsidize the service.
- Factors to consider in deciding whether a subsidy is appropriate include the burden on property tax payers, the degree to which the service benefits a particular segment of the population, whether beneficiaries can pay the fee, and whether the service provides a broader benefit to the community.

Fund Balance

- The County will maintain as a floor an available fund balance equal to 14% of the General Fund budget at the end of each fiscal year; however, the County will strive to reach a target of 18%.
- General Fund balances in excess of target levels will be transferred to capital reserve funds to provide equity resources to fund the County's capital improvement plan.

Competitive Employment

- In order to recruit and retain the most qualified employees while ensuring fairness and non-discrimination, Lee County will commit to conducting a comprehensive compensation and classification study every five years. The study shall be based on the complexity and relative worth of each job as well as an extensive market comparability analysis which identifies competitive pay rates for jobs similar in content to those of the County in the labor market in which we compete for our labor supply.
- In an effort to maintain competitive rates of pay the County will strive to make annual cost of living adjustments for all employees based on the Consumer Price Index for Urban Wage Earners, Southern Region, Average of All Groups.

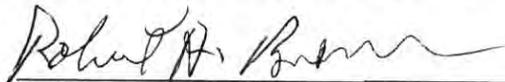

Tax rate

- In an effort to stabilize the County's tax rate, the Board of Commissioners will adopt a tax rate that considers the succeeding four years' anticipated expenditures and will strive not to change the rate until the next revaluation.
- The Board of Commissioners prefers to limit the growth of the annual operating budget to an amount which can be accommodated by growth in the tax base as well as other local state and federal revenues, without a tax rate increase, whenever possible.
- In an effort to stabilize the County's tax rate, the County will strive to develop and annually review projections of revenues, expenditures and fund balance for the next five years. Longer range projections should be developed as necessary.
- In an effort to stabilize the County's tax rate, all grant funded positions will be reviewed annually to verify continuation of funding. If grant funds are no longer available for a position, the position will be terminated unless a non-tax related source of revenue is provided to cover the cost of the position.

Adopted this 7th day of May, 2007.

SECTION 8. SOLID WASTE RULES AND DISPOSAL FEES: The charges and rules for solid waste disposal in Lee County shall be as follows:

- a. There will be a solid waste disposal fee of eighty dollars (\$80.00) annually for each club, church, residential based commercial enterprise, and each County residence located outside the corporate limits of the City of Sanford and of the Town of Broadway. Exemptions for vacancies at mobile home parks can be requested by the owner and will be provided upon proof the vacancies exist. Households subject to fees are those in existence on January 1, 2010. New households will be added upon completion as verified by the County building permit.
- b. The rural household disposal and recycling center fee shall be billed with the ad valorem taxes and shall be payable at the same time and in the same manner as taxes. The first moneys paid shall be applied to the solid waste fee. Interest on delinquent fees shall be assessed in the same manner as though the fee were ad valorem taxes. The annual fee shall become a lien upon the real property as though it were ad valorem taxes.
- c. The entry into any convenience center, the landfill site or transfer station of any vehicle signifies the consent of the owner and driver of the vehicle for it to be searched so that it can be ensured that no hazardous or prohibited substance is brought into the Convenience Center, landfill or transfer station.
- d. All haulers who must pay the per ton disposal fee shall pay at the time the solid waste or recyclables are delivered to the landfill site or transfer station unless arrangements have been made for periodic billing.
- e. Solid waste collections from institutional facilities (county schools and government buildings) by the Solid Waste Division will be done at the rate of four dollars (\$4.00) per cubic yard. Fee charged is based on the container size, not the amount of contents.

- f. Private haulers collecting rural (outside municipality) household waste will be required to furnish the County Tax Assessor a list of all his rural clients in Lee County. This list must be delivered to the Tax Assessor prior to March 1, 2010. The Tax Assessor will use this list to exempt the clients from the forty dollars (\$40.00) annual disposal fee charged on the tax bill. The private haulers will also be required to furnish a monthly client cancellation list to the Tax Assessor who in turn will bill these clients for the remaining annual disposal fee.
- g. All solid waste or recyclables entering the landfill site or transfer station, except tires, shall be weighed.
- h. Yard waste and land clearing debris may be deposited at the specially designated area at the Lee County landfill site for a fee of forty dollars (\$40.00) per ton.
- i. Scrap tires may be disposed of without charge at the Lee County Landfill Road Convenience Center only provided such tires meet criteria established under the Scrap Tire Policy for Lee County, NC. A fee of seventy-five (\$75.00) per ton will be charged for:
 - 1. Five or more tires not accompanied by a completed scrap tire certification form.
 - 2. Manufacturer's reject tires for which advance disposal fees have not been paid.
 - 3. Tires mounted on rims.
 - 4. Tires generated outside the state of North Carolina.

Senior Services

Mission

The mission of Lee County Senior Services is to provide a comprehensive assessment of the needs and opportunities associated with older adults and to fashion an achievable vision of successful aging in Lee County. Lee County Senior Services' mission statement is facilitated by the Enrichment Center, a building which serves as a focal point in the community where older adults meet to participate in activities and enhance their involvement in the community. The Center was developed for the purpose of providing an activity center for older adults who can function independently. It is a visible reminder in Lee County of the value and contributions of our older citizens.
